## Diplomat

When it comes to look and feel, Diplomat resembles President E. What are the biggest differences? Diplomat is more **budget-friendly and made with nylon SDN yarns** instead of ECONYL®. The collection combines sturdiness with quality, while the structure and stylish design bring elegance to any room. It is the standard for floor coverings in both commercial and residential environments. The cut pile with frieze creates a nice finish and an interesting look. This robust carpet is also quite durable, so there's no compromise on performance.
